Lean Six Sigma White Belt Certification

Our one day intensive White Belt Certification program is a basic course allowing corporate executives to understand the underlying concepts, methods and tools needed for Lean Six Sigma deployment. These individuals will gain a solid understanding of the Lean Six Sigma methodology and how it can be applied to various projects. Attendees will learn how to utilize the key tools and techniques needed for a Lean Six Sigma deployment. Each attendee will be required to take a 30 minute examination at the conclusion of the course to make sure they have a working knowledge of the information provided. After completion of the course, they will receive their Lean Six Sigma White Belt Certification.

Key Learning Objectives:

- ▶ Understand the history and background of Lean Six Sigma
- ▶ Evaluate the core concepts of Lean and Six Sigma
- ▶ Maximize your understanding of the Lean Six Sigma methodology (focus on DMAIC – Define, Measure, Analyze, Improve, Control)
