

Join us in Austin for

# INNOVATIONS IN GOVERNMENT 2009

## FEATURED DIALOGUE:

### Performance Management, the Obama Administration and the New Economic Landscape

#### Change is here.

#### It is time to prepare and plan for the future.

For federal, state and local governments this is a time of far-reaching, systemic change. The sluggish world economy is taking its toll, and budgets reflect the economic situation at hand. At the same time, the Obama Administration promises to do things differently, stressing transparency, efficiency and accountability.

During this interactive dialogue, join your peers in a dynamic exchange of best practices and hear from the most respected minds in government as they discuss how to address key concerns regarding performance management during this time of transformation.

#### During this roundtable dialogue we will address the following issues:

- Learn How to Track and Measure the Success of Your Stimulus Dollars
- Understand the Role Performance Management Can Play in Program Accountability
- Gain Insights on the new Obama Management Framework

Register today to reserve your seat at this dynamic event.
